

## News and information from Axiom HA

### Tenant Services Authority - National Conversation

The newly formed Tenant Services Authority is developing its approach to regulation and wants to hear the views of tenants across the country.

A programme of regional 'National Conversation' events is being organised during January and February 2009. Axiom is committed to Tenant Involvement and we would like to encourage as many of our tenants as possible to attend.

Our nearest events will be in Leicester and Cambridge on the 11 & 12 February.

If you are an Axiom tenant or shared owner and would like to attend a National Conversation event please contact our Tenant Involvement Team on 01733 295524 or email [richard.rawden@axiomha.org.uk](mailto:richard.rawden@axiomha.org.uk) to register.

You can find out more details about the National Conversation by visiting the TSA website: [www.tenantservicesauthority.org](http://www.tenantservicesauthority.org) and from mid January there will be a dedicated National Conversation website: [www.nationalconversation.co.uk](http://www.nationalconversation.co.uk).

Following the regional events Axiom will be holding its own National Conversation event for Axiom tenants and shared owners. Further information will be posted when details are known.
